### Fashionable Automatic “Happy stream collection – Ballerina”

In Summer 2014, ORIENT WATCH CO., LTD. introduces the “Happy stream collection – Ballerina” as part of the Fashionable Automatic series.

The Happy Stream Collection takes as its motifs for each of its models the heart and butterfly, which are particularly popular with women, and lucky charms such as the bluebird and four-leaf clover.

The ballerina is the motif of this newest product. The dial was consciously designed with an image of a stage on which a ballerina gracefully dances.

The ballerina, who performs brilliantly and effortlessly, is in an attitude pose (at the 2 o'clock mark).

This pose, which demonstrates balance and could transition into a turn or a jump, is used often in an important part of a piece of work and is said to be one of the most beautiful positions in classical ballet.

Also, the small ballerina (at the 7 o'clock mark) emerges in a different pose over a period of seven days. These beautiful images of the ballerinas decidedly express progress, and will guide you to an enjoyable and joyous moment in time.
